Objective

Electronics and Communication Engineering graduate seeking an entry-level **Software Development or IT role**. Possess foundational knowledge of Java, SQL, HTML, CSS, and MATLAB, with hands-on academic project experience in automation, signal processing, and communication systems. Strong problem-solving, teamwork, and adaptability skills, with a commitment to continuous learning and contributing to organizational success.

Education

Bachelor of Engineering – Electronics and Communication Engineering

KLE Technological University

Dec 2021 – July 2025

CGPA: 7.6

Pre-University Education (Science)

GS Science PU College

July 2019 – May 2021

Percentage: 73%

Secondary School Education

Bhartesh English Medium School

May 2018 – April 2019

Percentage: 80%

Technical Skills

- Programming Languages: Java , SQL, JavaScript
- Web Technologies: HTML, CSS
- Core Concepts: Data Communication, Digital Signal Processing, UART
- Tools: MATLAB
- Productivity Tools: MS Word, MS Excel, MS PowerPoint

Soft Skills

Problem-solving, analytical thinking, communication skills, teamwork, adaptability, quick learning ability

Projects

- Smart Assistant Robot – Developed automation and communication logic using embedded systems and software concepts.
- Medical Image Reconstruction – Applied digital signal processing techniques to enhance medical image quality.
- Weather Prediction System – Analyzed data using digital signal processing techniques for weather prediction.
- Digital Modulation Techniques – Implemented modulation schemes to improve data transmission efficiency.
- Registration Forms – GitHub: <https://github.com/spoorti0307/Forms>.

Certifications and Training

- Juniper Networks Certified Associate (JNCIA-Junos)
- MATLAB Onramp and MATLAB Fundamentals – MathWorks
- Device Drivers Fundamentals Training – Vayavya Labs
- Building the IoT: Controllers and WiFi Modules – AICTE-IDEA Lab
- Java Full Stack Web Development – TAP Academy

Languages

English, Kannada, Hindi, Marathi
